

Dyiplt: A Jeepney Fare Calculator Mobile Application

Proponents:

Dela Cruz, Arvin Joseph V.

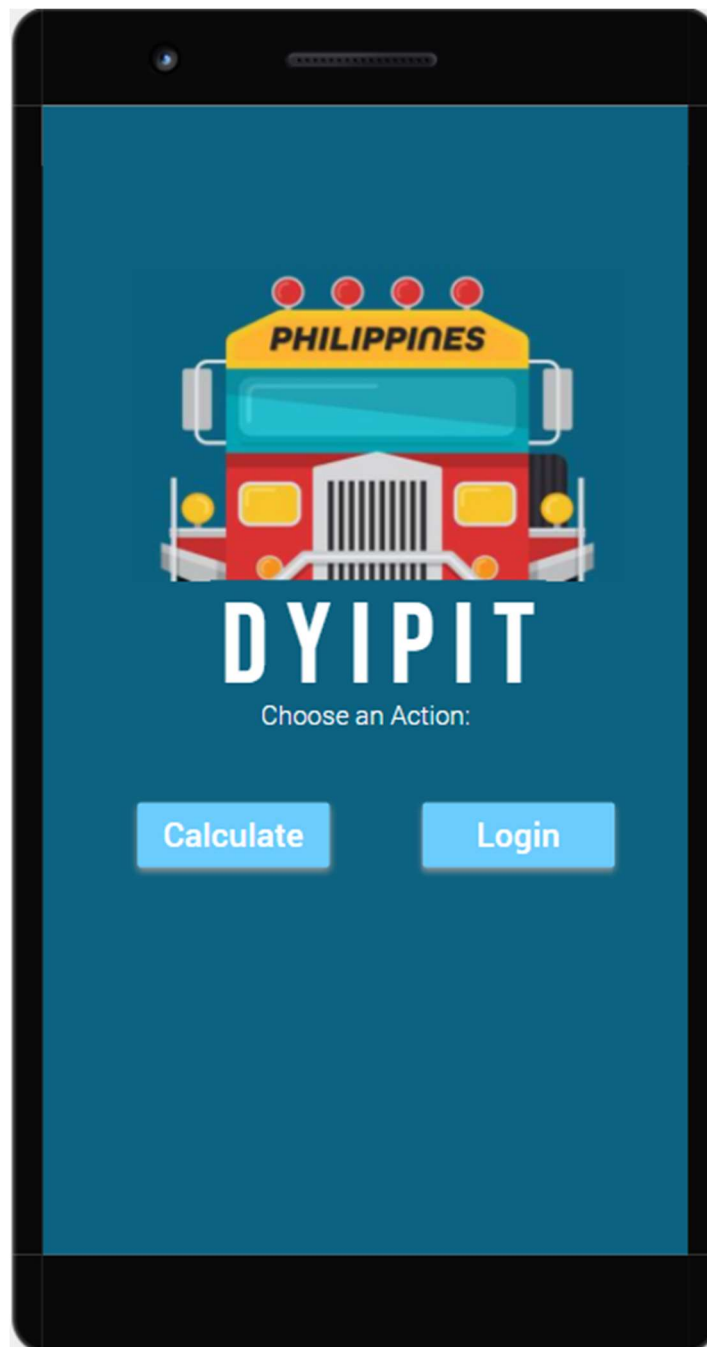

Fernandez, Dave Aaron R.

1. Splash Screen

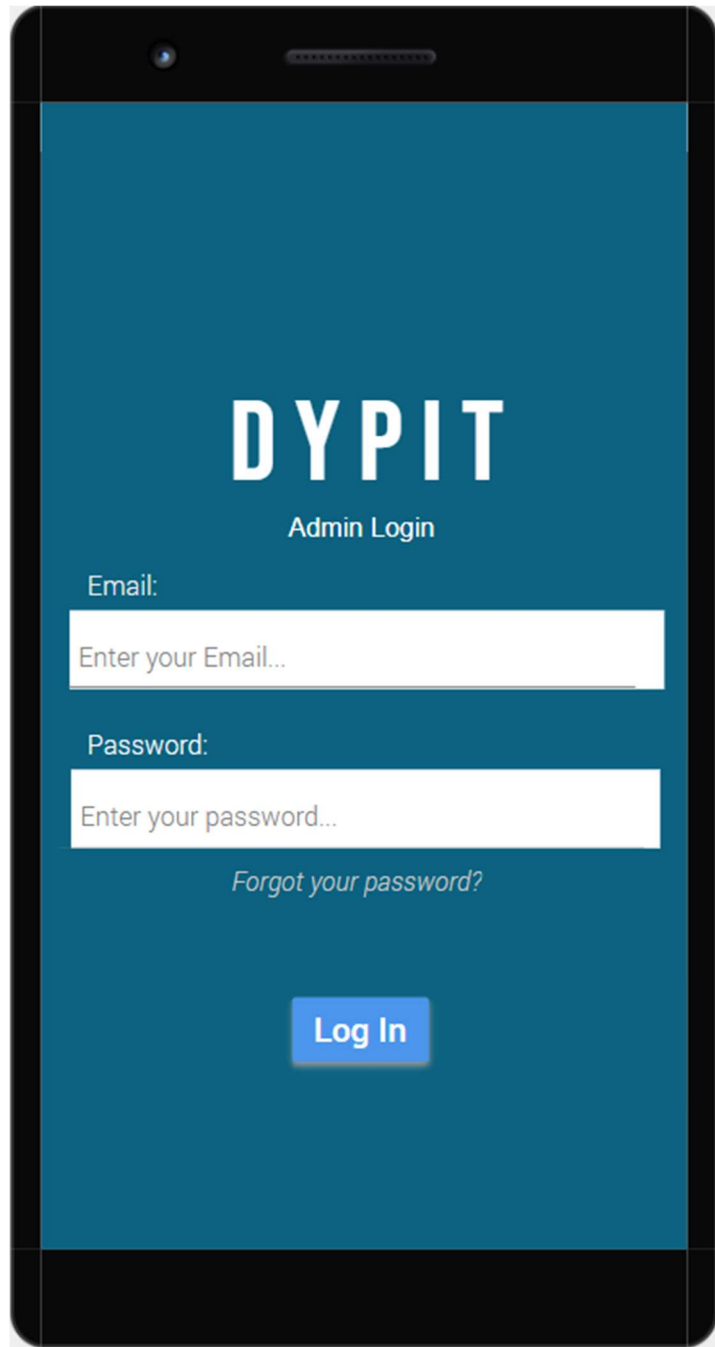

The screen that will show up once the user opens the application.

2. Action Page

After displaying the splash screen, the user will be able to choose between the calculator or the login to admin account activity.

3. Admin Login Page

A mobile app mockup of an admin login page. The background is a solid teal color. At the top, there's a black header bar with a camera icon and a speaker grille. The main content area features the text 'DYPIT' in large, white, bold, sans-serif font. Below it, 'Admin Login' is written in a smaller, white, sans-serif font. There are two white input fields: the first is labeled 'Email:' and contains the placeholder text 'Enter your Email...'; the second is labeled 'Password:' and contains the placeholder text 'Enter your password...'. Below the password field, the text 'Forgot your password?' is displayed in a smaller, italicized, white font. At the bottom, there is a blue rectangular button with the text 'Log In' in white, bold, sans-serif font.

DYPIT

Admin Login

Email:

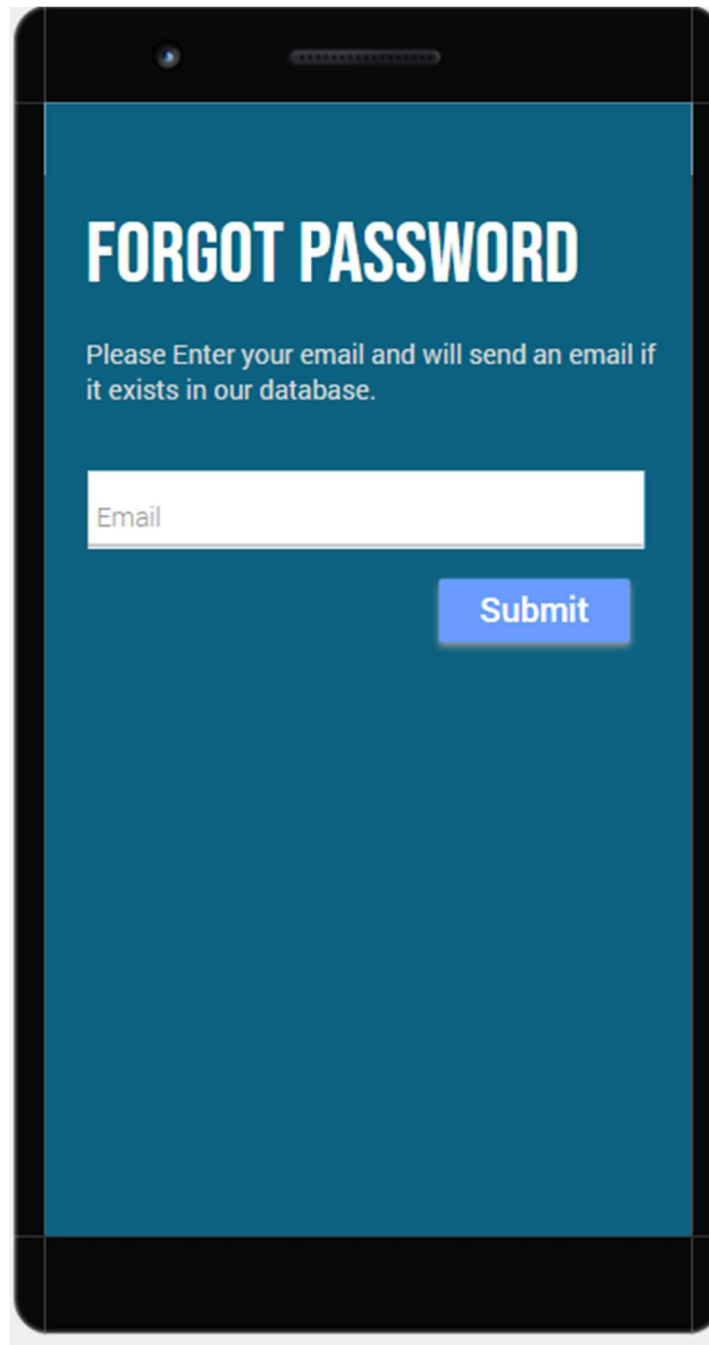

Password:

Forgot your password?

Log In

Login interface used to access the admins' account

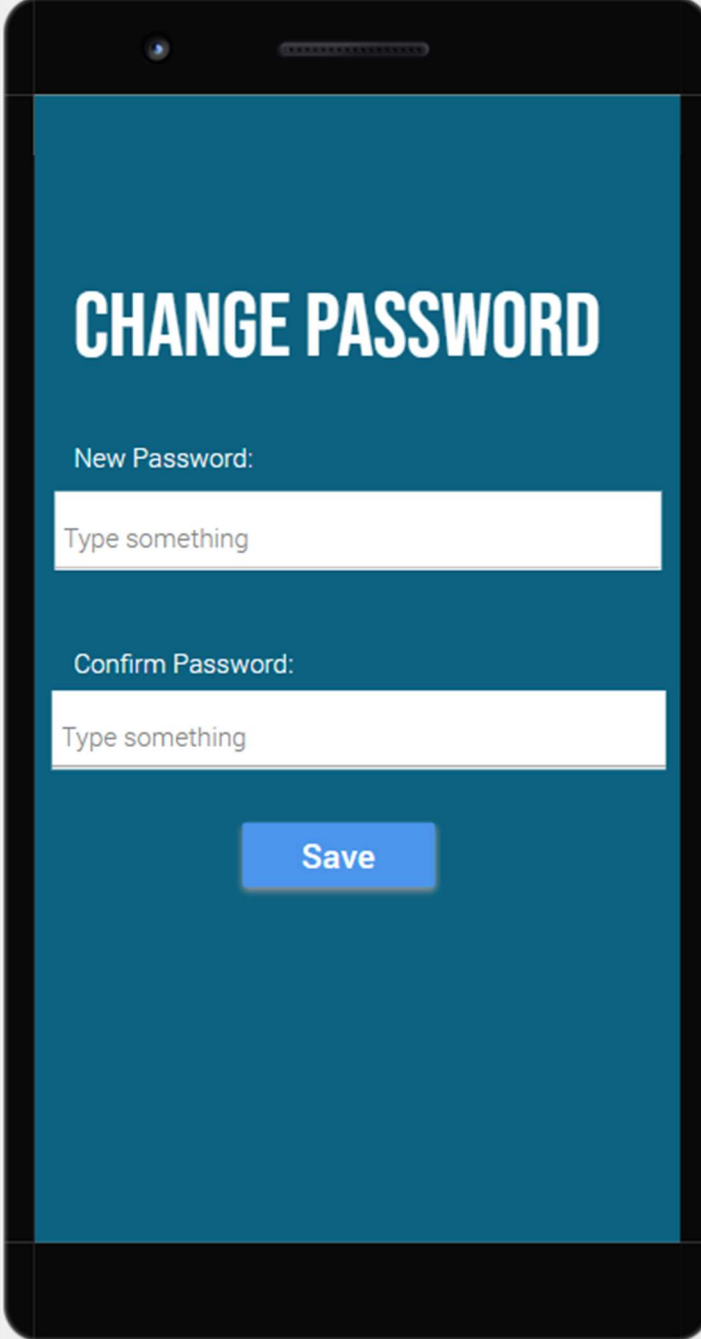

4. Forgot Password

The image shows a mobile application interface for a 'Forgot Password' screen. The screen has a dark blue background. At the top, there is a black header bar with a camera lens and a speaker grille. Below the header, the title 'FORGOT PASSWORD' is displayed in large, white, bold, uppercase letters. Underneath the title, a message in white text reads: 'Please Enter your email and will send an email if it exists in our database.' Below this message is a white rectangular input field with the placeholder text 'Email' in a light gray font. To the right of the input field is a blue rectangular button with the word 'Submit' in white text. The bottom of the screen features a black footer bar.

In case the admin forgets the password, the admin can use forgot password UI.

5. Change Password

The image shows a mobile application screen with a dark blue background. At the top, the title "CHANGE PASSWORD" is displayed in large, white, bold, uppercase letters. Below the title, there are two input fields. The first is labeled "New Password:" and the second is labeled "Confirm Password:". Both labels are in a smaller, white, sans-serif font. Each input field is a white rectangle with the placeholder text "Type something" in a light gray font. At the bottom center of the screen, there is a blue rectangular button with the word "Save" in white, bold, uppercase letters. The entire screen is framed by a black border, representing the phone's bezel.

CHANGE PASSWORD

Type something

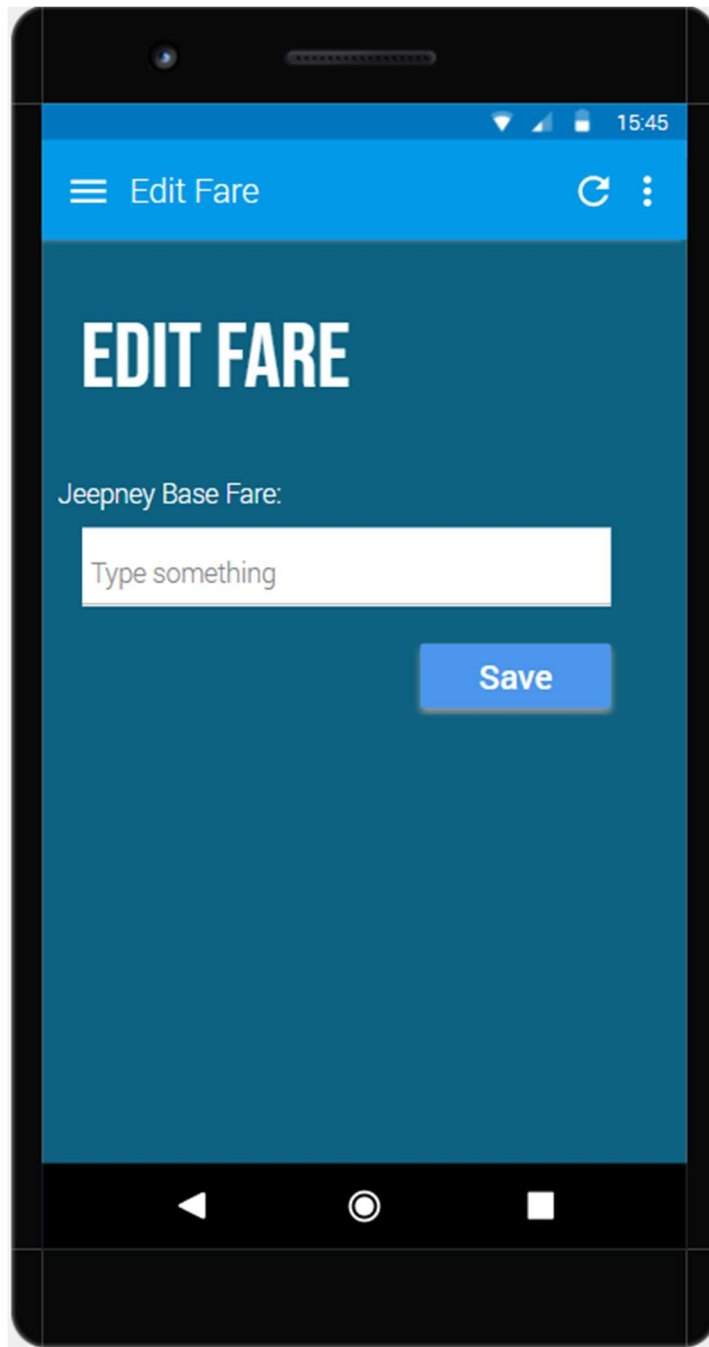

Confirm Password:

Type something

Save

Allows the user to change password.

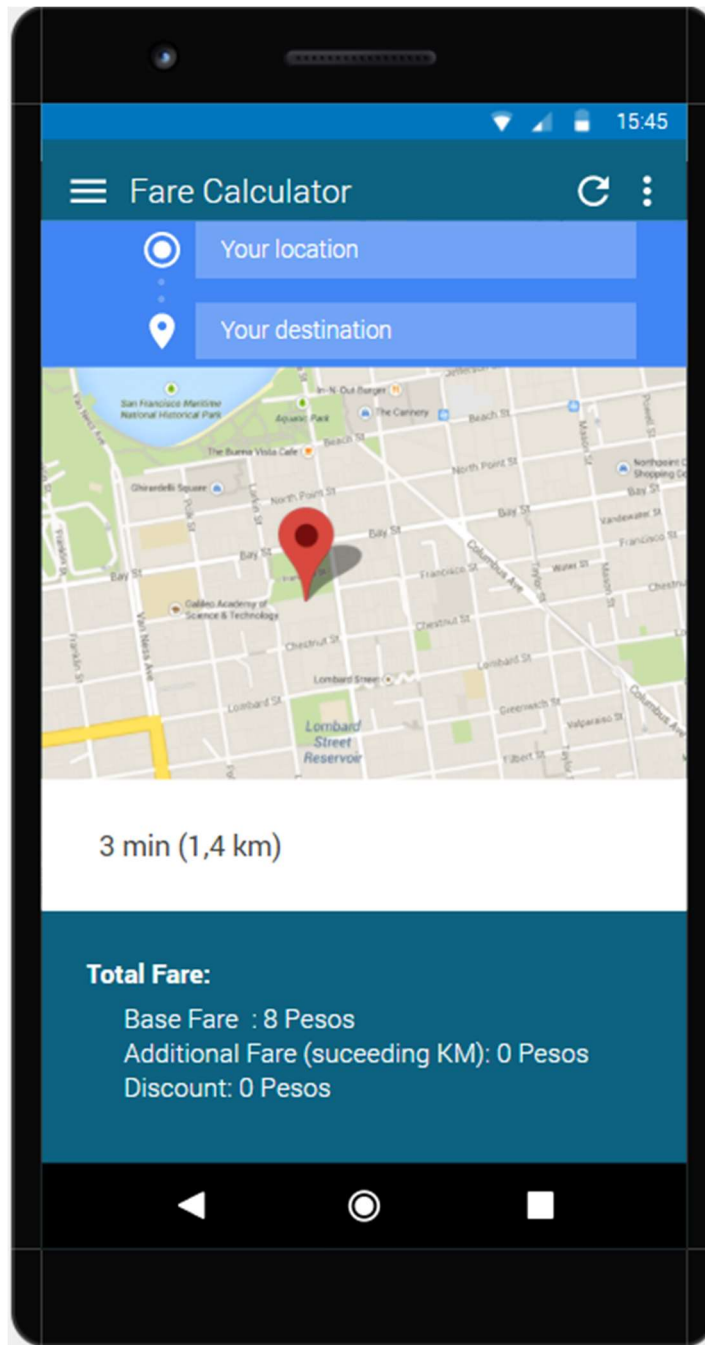

6. Admin Homepage

The screenshot shows a mobile application interface for editing fares. At the top, a blue header bar contains a hamburger menu icon, the text "Edit Fare", a refresh icon, and a vertical ellipsis icon. The status bar above the header shows the time as 15:45. The main content area has a dark teal background. It features the title "EDIT FARE" in large white capital letters. Below the title, the text "Jeepney Base Fare:" is displayed. Underneath is a white text input field with the placeholder text "Type something". To the right of the input field is a blue "Save" button with white text. At the bottom of the screen is a black navigation bar with three white icons: a back arrow, a home circle, and a recent apps square.

Admin Homepage displays the editing of the new price hike implemented.

7. Calculator Page

The UI that calculates the fare of the jeepney according to fare.
